2018 Young Professional Externship

National Recreation & Park Association Annual Conference

The Externship Program enables outstanding young professionals 35 years of age and younger in the parks and recreation field to interact with and learn from members of the American Academy for Park and Recreation Administration, and other individuals who attend the NRPA Conference and its associated meetings. Up to four Externs are selected each year, of which two are Ernest T. Atwell diversity externships.

Externs are paired with Academy members who serve as mentors during the NRPA Conference.

Mentors introduce Externs to their contacts and expand the young professionals' networks.
